

Integrated Community Trail Strategy Notice of Study Commencement

Made possible by the generous support of the Ontario Ministry of Health Promotion, the Municipality of North Grenville is commencing a study to develop an **Integrated Community Trail Strategy**. The strategy will build upon our community's successful 2006 initiative celebrating Kemptville's 150th anniversary: "150 Kilometres of Trails"

Trails that are safe, attractive and accessible for users of all ages will enhance the quality of life unique to North Grenville by encouraging physical activity, and connecting residents and visitors alike to our communities and its places. The strategy will include a plan to guide future development and construction of trails, study how to build and maintain high-quality trails, and establish trail usage and design guidelines.

We Want To Hear From You

Public input is key to the development of a meaningful strategy. **Share your ideas with us on how the Municipality can create a community-focused trail network for all ages and abilities.**

There are several ways that you can help:

- Complete the [online survey](http://www.surveymonkey.com/NorthGrenvilleTrailStrategy) located at: www.surveymonkey.com/NorthGrenvilleTrailStrategy. This survey will be available on January 24, 2011, through February 22, 2011.
- Join us at the **Sweetheart Brunch at the Municipal Centre** on February 13th 2011 to learn more about the strategy and provide us with your comments and ideas. The study team will be in attendance to hear your thoughts and receive comments.
- Provide your **comments directly to the study team**. Write, call or email the project representatives listed below with your comments, questions and ideas. Your input will help us develop a progressive and comprehensive Integrated Community Trails Strategy.

For additional information and updates please visit the North Grenville Trails web page: www.ngtrails.ca. As the study advances, regular updates and materials will be posted online.
