Dear Stakeholder:

**Re: Stakeholder Meetings for North Grenville  
Integrated Community Trails Strategy**

It is our pleasure to invite you to participate in a stakeholder interview to provide input into the North Grenville Integrated Community Trail Strategy. The stakeholder interviews will take place on **Tuesday, March 07, 2011 at the North Grenville Municipal Centre**. The sessions will commence at 9 am and continue for the entire day. The time slots are 11 am to noon, 1 to 5 pm and 6 to 8:30 pm. Each session will take no more than 30 minutes and we will adhere to a strict schedule.

The Municipality of North Grenville is commencing a study to develop an Integrated Community Trail Strategy. The strategy will build upon our community's successful 2006 initiative celebrating Kemptville's 150<sup>th</sup> anniversary: "150 Kilometres of Trails"

Trails that are safe, attractive and accessible for users of all ages will enhance the quality of life unique to North Grenville by encouraging physical activity, and connecting residents and visitors alike to our communities and its places. The strategy will include a plan to guide future development and construction of trails, study how to build and maintain high-quality trails, and establish trail usage and design guidelines.
