

Business Retention + Expansion Program (BR+E)

Community Update - Business Visits get underway!

With an impressive show of community support of the Municipality of North Grenville's, **Business Retention + Expansion Program (BR+E)**, we now have our Volunteer Task Force and our Volunteer Visitor Teams in place.

These dedicated volunteers have been through the BR+E orientation and training session and are ready to go out to our local business community to begin business visits and surveys.

With a target of visiting at least 80 businesses in North Grenville, our volunteers will be very busy over the next several weeks. If you are a local business, you may soon be lucky enough to get an email or phone call advising that you've been randomly chosen to participate in a business visit and survey.

Please consider participating if you do get chosen.

We are meeting our targets and goals, which is a testament of how strongly our local community believes in and supports the idea of working together to identify and address opportunities and barriers for our local business community through the Business Retention + Expansion Program.

Please visit www.northgrenville.ca/BRandE.cfm for updates and information on the program as we progress.

Let's work together to support local business!
