

What We Have To Offer

The facility has a double ice-rink surface (twin pad) with Arena 1 having a capacity for approximately 2,000 seats and the adjacent Arena 2, 500-seat rink.

Also, there is a 300-seat performance theatre and foyer reception area.

Our large community hall, can be divided into three separate rooms. Included is a kitchen and beverage bar area.

The North Grenville Municipal Centre offers modern, cost effective facilities for hosting events - large and small - such as weddings, banquets, and meetings or special events such as concerts, major tournaments, live theatre, cultural events and trade shows.

"We were able to make a substantial impact on our fundraising efforts, due in part to our new venue! Thank you for answering questions, providing information, and to generally assist us with our inquiries! We look forward to working with you again in the future. The Municipality should be proud to have such a dedicated and capable staff on their team!"

"We would like to extend our thanks and appreciation to your staff for the excellent job you do at the complex. The building is always very clean and well maintained, and we have always found your staff to be cordial, available and friendly. The professionalism that your team brings to the rink each day makes the complex a world-class facility."

The building provides all of the amenities and more that a hockey team could ask for. Since moving in, I have been equally impressed with the helpful and professional demeanor of everyone associated with this building. I do not think a more helpful arena staff could be found.
