Made possible by the generous support of the Ontario Ministry of Health Promotion, the Municipality of North Grenville has initiated a study to develop an Integrated Community Trail Strategy.

Public input is key to the development of a meaningful strategy.

Share your ideas with us on how we can create a community-focused trail network. The results of this survey are expected to capture a sample of opinions from North Grenville residents regarding trails and will be used to inform and assist the study team in the development of North Grenville's Integrated Community Trails Strategy.

Contest Deadline March 15, 2011

**Find our survey online at:
