

**Class Environmental Assessment
for the Rehabilitation/Replacement of Four Bridges on County Roads**

**Jasper Bridge and Cranberry Creek Bridge in the Township of Merrickville-Wolford
Cochrane Bridge and Townline Bridge in the Township of North Grenville**

NOTICE OF STUDY COMMENCEMENT

On behalf of The United Counties of Leeds & Grenville, the consulting firm of AECOM has initiated a Class Environmental Assessment (EA) Study for the rehabilitation/replacement of four bridges on county roads in order to address structural deficiencies and operational and safety requirements.

The bridges that are to be replaced are:

Cranberry Creek Bridge, County Road 15, 0.14 km north of Island Road, Township of Merrickville-Wolford
Townline Bridge, County Road 20, 2.04 km east of County Road 44, Township of North Grenville

The bridges that are to be rehabilitated are:

Jasper Bridge, County Road 16, 0.29 km east of County Road 17, Township of Merrickville-Wolford
Cochrane Bridge, County Road 20, 0.06 km east of County Road 18, Township of North Grenville

This study is being undertaken as a Schedule 'A+' project in accordance with all requirements of the *Municipal Class Environmental Assessment* (October 2000, as amended in 2007).

Public input and comments are invited and will be received until September 17, 2010. Subject to the receipt of necessary approvals, the United Counties of Leeds and Grenville will be permitted to proceed with implementation of the works, anticipated to be completed by the summer of 2011.

Information will be collected in accordance with the *Freedom of Information and Protection of Privacy Act*. With the exception of personal information, all comments will become part of the public record. For further information about this Study, please contact:
