

You are Invited to Participate **In the Development of a United Counties “Growth Management Strategy”**

What is a Growth Management Strategy (GMS)?

A GMS is a long-term document that will help guide and manage appropriate growth and development throughout the County. It will provide an assessment of growth and development and the amount of land needed to accommodate it. It will form the foundation of potential settlement area changes/expansions and policy updates for the 10-year review of the County Official Plan scheduled to be started in 2026. This will help the County and local municipalities coordinate infrastructure and services to 2051 and beyond.

How to be involved in the process?

1. Visit www.leedsgrenville.com/growth for more information and to subscribe to the website.
2. Complete a survey if you would like your land considered for future development. Complete the survey at www.leedsgrenville.com/growth **before September 29, 2025.**
3. Submit comments to elaine.mallory@uclg.on.ca **before September 29, 2025.**
4. Attend a public consultation session. This **virtual consultation** will take place on **October 2, 2025 at 4:00 p.m.**, with a presentation by our consulting team, Hemson Consulting, on the process and findings to date, followed by questions and comments. For virtual participation, email your interest to elaine.mallory@uclg.on.ca **prior to October 2, 2025.**

Date of Notice: September 17, 2025
