

ADDENDUM No. "3"
REQUEST FOR Proposal (RFP) FOR
Insurance Provider Services

Date of Addendum No. "3" Issued: September 10th, 2019
Addendum Issued By: Judy Carroll
Treasurer
613-258-9569 ext. 105
jcarroll@northgrenville.on.ca

PURPOSE OF THIS ADDENDUM:

The purpose of this addendum is to:

- A. Provide deletions and additions to fleet, buildings and properties.**
- B. Answer to questions provided.**

A. Amended documentations attached.

1. Amended list of fleet.
2. Amended list of buildings and structures to include 4% inflationary factor for the 2020-2021 term.
3. Amended list of other properties (excluding buildings).

B. Answer to questions provided.

1. Question: We have noted that population is cited at 13,500 (In Addendum #2 information). We use Statistics Canada information for rating purposes. The Census Profile, 2016 Census indicates populations, 2016 at 16,451. As the population serviced is a key factor in premium determination we appreciate your clarification.

Response: The population count of 13,500 came from a report from the Municipal Property Assessment Corporation (MPAC). MPAC is legislated to collect and record owner information and will, when reported, collect boarder and tenant information as well. The discrepancy listed is likely due to the boarders (often times children) and/or tenants that have not been reported to MPAC. A more accurate count would be the 2016 census report of 16,451 although slightly outdated.
